Hej Kirsten

Kan det tænkes, at det er et ældre datasæt, du har vedhæftet - og ikke den seneste levering fra Folkersma?

Med venlig hilsen

Dear Morten and Anastassia

Pop the champagne! Well, almost. We have received the digital network for the demo-municipalities. A digital network has been qualified and adjusted but has not yet made the relevant adjustments that will follow a signed network.

I am sharing the networks with you here – am sure there are still things which could be optimized, but for now we are accepting it as it is – and it is an important milestone!

Med venlig hilsen

Kirsten Krogh Hansen
